

Dan Brown

Hello, my name is Dan Brown and I am running for CUPE 1334 president. I have worked at the University of Guelph for 20 years and currently hold the position of Truck-Mount Operator in Physical Resources. I have served on our union executive and as Chief Steward on nights. I am currently a Union Steward on nights. Prior to my employment at the University of Guelph I was a supervisor with the federal government where I received extensive training and gained valuable experience in negotiations and human relations. I consider myself to be honest, loyal and a dedicated family person.

"I have always considered my fellow employees as family and when a family has problems we come together and solve these problems. The bottom line is our family is under attack and nobody is going to destroy our family."
